

NEED HELP WITH SYNCING PICTURES FROM ANDROID TO GMAIL (SMITHFIELD)

Looking for someone who has had Galaxy phones and is very tech savvy with knowing how to sync pictures to a gmail email account. I synced my phone and noticed the pictures stopped syncing several months ago.

I also need my past pictures, that didn't transfer over from my phone, to all be transferred to my gmail account.

I have a Galaxy S3.

Would like someone whose patient and teaches slowly because I am on the older side, so I don't learn tech things as fast as the younger tech crowd.

Would like to work on this in the Greenville Public Library in Smithfield. This way we have access to their computer while doing this.

When you respond, please let me know:

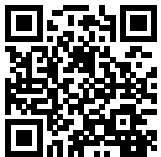

- 1) If you are available Wednesday or Thursday after 6;
- 2) If you have or had this type of phone and were able to troubleshoot this problem; and
- 3) How much you may charge for the hour or so to do this.

Please respond
