Looking for 1 roommate to share in a 3-bedroom house. Room is medium/large and has views of backyard, garden, and park. House is furnished, 2 full bathrooms, washer/dryer, large kitchen, storage space for your bike or other stuff, large partially finished basement, lots of garden space, off-street parking during snow emergencies.

About your roommates: male and female, late 20s, young professionals. We occasionally have friends over for dinner, games, etc. We both work during the day and would like a roommate that has a similar schedule so we're not waking each other up. We keep things relatively picked up and clean (i.e. dishes in sink are cleaned within 24 hours and we share chores) and would expect the same.

No smoking, no pets. Rent is \$625/month plus 1/3 of.
