Steilacoom Cooperative Preschool is still enrolling for the 2015-2016 school year! Our preschool program is designed to meet the needs of families and children of Steilacoom, Lakewood, Dupont, JBLM and the surrounding communities. We provide a safe, caring and nurturing environment for children and families. The preschool is affiliated with Bates Technical College.

In a cooperative preschool, the parents work alongside the teacher to ensure that each child benefits fully from the curriculum. The tuition is affordable because of parent participation. Every parent is important to the success of our program. We offer classes from ages two through pre-K.
