

Purebred Teacup Chihuahua

Location **Washington**
<https://www.genclassifieds.com/x-628120-z>

Tiny was born June 14th, 2015 and is now 7 1/2 weeks old.

Tiny is going to be fully grown between 3-4 lbs so he's on the small end for a chihuahua (hence his name). He's a beautiful "Splashed" Tri-color with a velveteen coat and standard "Apple-head" body type. He has been fully weaned, started on his puppy shots, and is exceptionally healthy and playful.

He's the smartest pup I've seen... Friendly, vibrant, and alert; and he watches everything you do with great interest. He's very friendly with other dogs, and does not suffer from the common "tiny dog syndrome" most commonly seen in chihuahuas. He was the pick of the litter, but the person who had him on hold suddenly decided they wanted a girl- so precious Tiny is now available to a good home. I prefer him to go to a house with other small dogs as he loves to play with friends but I would be willing to overlook that if he went to a home where he would be completely doted on. I prefer email contact as I'm fairly busy with work, but am willing to text or talk over the phone with serious parties.

We are asking \$500 for this special little boy and he will come with a "Puppy Pack" full of supplies to get you.
