27 year old heavily tattooed model with over 10 years experience available for print (had a feature in the most recent Savage Tattoo), apparel, runway music, and music video work. I am 5'6 on the thinner sider and I can, despite the significant tattoos, be versatile.

Am professional but fun, my own MUAH so this is almost always taken care of unless provided, prepared and on time. I have had a lot of flakes or people just looking for more photographs so if you are one please don't contact me. I try to be professional about this! Thank you!

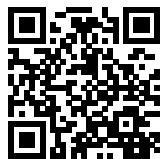

I am only doing paid shoots at the moment so I charge \$30-60 an hour depending on the shoot, location, etc and I do not do nudes.

I have an online portfolio to send as well. Thank you for your time. Please contact me only If you are serious. Hope to hear from you.
