Assuming you can't afford Pino to record bass at Avatar for your album, I am here to help at competitive rates => Also need to get your tracks mixed? I'm your guy!

I'm a 24-years-old bassist located in NYC available for recording services. Playing bass is my career, I have done it at a professional level for years. I have plenty of experience, from touring and playing big festivals and opening for big acts in and out of the city, to recording with world-class producers in NYC and LA. (I can give you more details upon request.) I have audios to share if you need to hear what I do.

I am a Honors graduate from The New School for Jazz and Contemporary Music, well versed in funk, jazz, rock, pop, R&B, gospel, metal, Drum&Bass, hip hop, rap, some reggae...I have solid basses, 4 and 5 strings, even an ukelele bass (a 5 string, exactly like this guy's <https://www.youtube.com/watch?v=YJNtuFv4iPg>) and studio-graded pedal effects. I got pro chops, ears, sense of dynamics, time, articulation, etc.

Hit me up and let's talk!!
