

Par 3 Golf Course and Driving Range OPEN (Broad River Rd and I (20 USD)

Location **South Carolina**
<https://www.genclassifieds.com/x-628183-z>

I have seen that within the area of our community is a wonderful par 3 golf course and driving range where lessons are given from an in-house golf pro. When passing along I-20 in your car you may see it, otherwise it is on a dead end at the end of an I-20 frontage road and you will not see it. Golf is one of America's finest pursuits many of us enjoy, but there are only so many places to play it. I thought local golf enthusiasts would want to know they might be missing something if they are not aware of this very affordable possibility. The course gates are open from 7 to dark every day of the week... The Tee Box faces east so you do not have the sun in your eyes in the late afternoon... There is a driving range shelter for rainy days... AND an outside automated ball dispensing machine that takes a debit or credit card. Here is a link for more detailed information about the course...
