I'm tired of playing alone!! Have been thinking about setting up a weekly or biweekly open jam session (all levels) somewhere in the Sioux Falls/Madison/Brookings area, probably starting in Fall or Winter. Open to any styles, just mainly looking for other musicians to play with and learn/share some new ideas and tunes. My own current favorites: Scandinavian (esp Finnish), Celtic, Cape Breton, Old Time, and Folk.

Anyone interested in starting or participating in a regular open/public session somewhere? If yes, please send me an email... would like to gauge!
