I'm currently looking to join a band. I consider myself a guitarist but I can do vocals (not so much cleans). I do have transportation and gear and have pretty much every night after 4 open.

Some of my influences.

As I Lay Dying
Killswitch Engage
Old Avenged Sevenfold
In Flames
Old All that remains
Mudvayne

wouldnt mind playing post-hardcore like of mice and men, crown the empire, the amity affliction, we came as romans. this style of music isn't my strong suite but I'm will to learn.

here's a youtube channel I just made to show my talents!

dont email cause i more than likely will never see it feel free to text me
