

2001 Audi A4 Quattro (5500 USD)

Location **Washington**
<https://www.genclassifieds.com/x-628464-z>

An extremely safe and reliable, fast Manually shifting sedan equipped with a 1.8 Liter Turbo engine that allows you to never miss an appointment. Classy interior that includes heated seats, powered windows, a Bose Sound System and an adjustable sun roof. I have never been in an accident in this car, and have maintained its beauty since I bought it in 2007. I recently had the clutch and brake pads replaced. Overall, with the combination of the AWD and Manual transmission, this car has an amazing drivability that makes every outing a safe and pleasurable.
