

## good pay

Location **Virginia** https://www.genclassifieds.com/x-628482-z

I need one reliable, strong young man to help me with some yard work. I have a big area in my backyard that needs to be lightly dug up with a roto tiller. The area is about 50 feet long and 30 feet wide. I will supply the roto tiller, I just need someone to walk it around the yard.

This job should take 6 or 7 hours to complete. I will pay you \$12 per hour straight cash. And if you want I may have more work besides this.

I would really prefer to find someone who is located either in the West End or Glen Allen because that is where the house is located. Please reply with your name, your age and phone number and we can work out the details

- THANKS
