

CAD design skillslayout (Richmond)

Location **Virginia**
<https://www.genclassifieds.com/x-628499-z>

I need someone to create a CAD design for building space I am looking at. I will have architects once construction begins but in order for me to get a feel for my vision I need someone local who can map out the space with me, - bathrooms, restaurant, retail, pool., etc Even someone with event CAD skills would suffice- I just ned to see a layout with proper measurements utilizing the space-

Paid project
