I have a female and a male left. I have both parents and they are very sweet dogs. These pups have had ALL 3 sets of Shots now just need a rabies shot. I have their ABCA papers in hand ! they will come with a shot record, 5 generation pedigree chart, and a health guarantee. The red and white is a female . The white with red spots is a male. Serious inquires only! two-zero-five-four-one-two-six-four-one.
