## Looking for the best place to take my .... (Park City or nearby)

Location Utah https://www.genclassifieds.com/x-628574-z

Car for a safety check that won't make me take the 10 year old tint off of my windows!! (Still looks fantastic)

I live in Park City so someplace in the 20-40 mile radius would be ideal. If the place could be certified to do the VIN & safety check at the same time ( no emissions required ). Prefer a neighborhood type shop, but if you've got a recommendation- I'm listening.

\*\* Thanks!
