Jackson Hole Towncenter is close to the action, winter and summer. Just 20 minutes' drive from the resort, Jackson Hole's ski complex covers more than 3,000 acres of varying terrain, with runs up to 5 miles long. Other winter activities include guided cross-country tours, snowmobiling, and snow-coach trips. In summer, golf courses, tennis facilities, and great fishing spots can be found throughout the area, or plan a raft trip down the Snake River Canyon through Grand Teton National Park. The resort's front

desk staff will schedule winter snowmobile tours and summer river rafting. You can browse the many that Jackson Hole has to offer for your choice of 50 restaurants, each with cuisines ranging from the most elegant to the most casual.
