

# Web MarketingDesign Intern Needed ASAP (Downtown)

Location **Arizona**  
<https://www.genclassifieds.com/x-628689-z>

Update: You gotta be local. Please don't email me your resume if you can't work on site in Phoenix AZ.

I am a really (yes, really) busy developer and my workload has sky rocketed in the last few months. I am bringing on some interns to help with my work and learn in the process. I already have 2 interns working along side me, need at least 2 more to stay sane. This is a paid position.

You don't need to be a designer or developer, as long as you are a quick learner and have some experience working with websites.

Ideal Position Description: Seeking Intern front-end web developer/assembler to work closely with creative design and back-end development team to create HTML5/CSS3-based web content for desktop, iOS and other mobile platforms. Should have a basic understanding of back-end programming architecture and technologies used to develop web projects and mobile applications.

## Preferred Minimum Requirements

- ? Experience working with HTML & CSS
- ? Ability to update, maintain and add content on Wordpress Websites
- ? Ability and willingness to work On Site near Downtown Phoenix.
- ? Availability for at least 10 hours per week. Schedule can be flexible.
- ? Demonstrate ability to learn and follow directions, and communicate progress.

## Optional Requirements

- ? Intermediate understanding of HTML5, CSS3, jQuery and responsive design principles.

? Basic knowledge in JavaScript/JQuery/Ajax

? Basic understanding of working with content into PHP/MySQL  
 ? Experience working with design tools including Photoshop, Illustrator  
 ? Basic understanding of Responsive Web-design and queries such as mobile-first  
 ? Elementary understanding of server-side scripting languages

Pay: \$20 per hour DO NOT
