I am available to babysit nights and any times, any day, and overnight if needed. I have two kids.

I have cats, so if your child has allergies, I would need to watch them at your house.

I live in a very safe and quiet area on the North side of Columbus.

My transportation is reliable, I have great references, and I am responsible, mature, trustworthy, and caring.

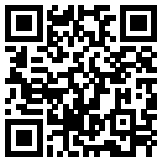

No criminal background, so if you want to run a background check on me, that is fine. I would definitely run one if someone were watching my kids! Clean driving history, basic first aid and CPR knowledge, but not certified.

Thank you!
