I'm seeking someone to come in once a day to walk my dog, Buddy. He is 3 years old and a lab/beagle mix. Unfortunately, with my changes in schedule it's getting hard to ensure he gets the exercise he needs.

You must have reliable transportation. This job entails probably 7-15 hours per week of your time, just kinda depending on my schedule. Experience is a major plus. He is potty trained, crate trained, clicker trained. He is very smart but needs a bit more time than I can give him.

Realistically, I'd expect you to come to the apartment, walk him, and play with him. It's likely a Monday-Friday thing. But could also involve weekends... Occasional overnights, if possible - for that there would be a justifiable pay increase. I don't expect that to happen often.

Send me a message if you're interested and we can go from there.
