My rate for most yards is \$25-\$50 depending on the size of the yard and the length of the grass. Grass over 6" tall will be higher. If your grass is a 1-2 feet high it will require at least two passes which means it will require twice the time and work so you need to expect to pay accordingly. Always willing to provide a price quote but will need to see it first. I can usually meet or beat pricing by any other independent mowing service you find on CL if I can verify competitor prices.

I will bag or mulch, whichever you prefer.

The above rates DO NOT apply for gutter cleaning. Email me approximate size of house for a free quote to clean gutters.

I am available on short notice most of the time, in many cases can do the work same day or next day. Normally do most work on weekends or evenings, but I do have some daytime weekday hours available.

I am a mature and responsible adult doing yard work as a second job. When you email me, please be patient for a response, as I may not be able to respond until evening hours due to my work schedule with my primary job. I do my best to respond to all emails the same day they are received.

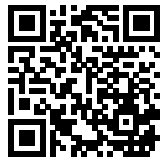

I am not affiliated with any lawn service companies. Independent and reliable. To avoid the many scammers and spammers on CL I ask that you contact me via email and I will provide you with my contact number. Serious inquiries are much appreciated!

Will accept personal checks BUT if they don't clear the bank YOU will be responsible for paying my bank fees PLUS an additional \$25. This is not something I really want to have in my ad but for the first time in 3 years I have been paid with a rubber check and I don't want to deal with the hassle of bad.
