

CUSTOM PLANTER BOXES (santa clara)

Location

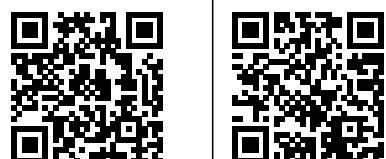

California
<https://www.genclassifieds.com/x-628881-z>

If you would like to have a beautiful Redwood or little less expensive planter box built in your yard to suit a certain area to plant flowers or other vegetation contact me. I can come out and give you a free estimate and maybe some ideas. The boxes pictured are 1 5/8" x 7' long x 5 1/2' across. The cost for this set up would be \$325. Dirt is NOT included but can be put into the price. The cost of the wood alone is over \$200. There are also less expensive woods available and can be discussed as needed. Call or email.
