- Awesome Custom Websites**

Chico Designs has been making websites in Northern California since 2009, and has become one of the top web design companies in the area. Whether you need a single page low-budget website or 1000+ page corporate website we can build it for you.
- Innovative Graphic Design**

Our graphic designer is a professional artist with a BA in art education. She crafts breathtaking logos and branding for companies and corporate clients. Her polished brand identities help businesses succeed, attract new customers, and build customer loyalty.
- Social Media Management**

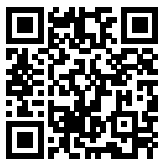

We can promote your business through social media to help you attract more customers. We can create and manage profiles on social media sites like Facebook, Twitter, Google+, Instagram, Pinterest, and Tumblr for your business or organization.
