

Foster homes ALWAYS needed (any)

Location **California**
<https://www.genclassifieds.com/x-628996-z>

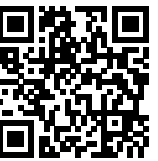

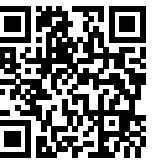

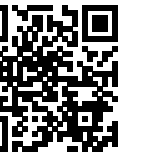

Our SoCal dog rescue is ALWAYS searching for more loving and responsible FOSTER HOMES!!! We are not breed specific. Our focus is on dogs who would be euthanized in our local shelters if no one steps in. We believe very wholeheartedly in the value of foster homes. We want all of our rescued dogs to spend some time recovering and blossoming in one of our valuable foster homes before moving on to a well matched forever family. We make every effort to place a dog with a foster family who is a good fit for your household and lifestyle. We provide all vetting, a crate and basic supplies. We ask our fosters to provide good quality dry kibble and to maintain flea/tick prevention. (These expenses may be a tax write-off for you as well; please consult with your professional accountant). We will search for a deserving adopter for your foster dog, and we invite you to be as involved in that process as you wish to be. We've had some amazing successes, and we have a group of amazing pet parents in our WDR Alum!

Wagging Dog Rescue is a 501(c)(3) tax-exempt organization striving to help as many dogs as possible get through Southern California's shelters and find the perfect forever family. We are an all volunteer group of passionate animal advocates, owners and rescuers dedicated to improving animal welfare and restoring the unwanted family pet to his rightful place in a responsible home. All of our adoptable dogs are in a private foster home with a loving caregiver who guides them through their transition from a stressful past to a permanent and well-deserved future. We promote responsible pet ownership, firm leadership, spray and neuter... and most of all, ADOPTION.

Please download our foster application here - <http://waggingdog.org/participate/foster-a-dog/> - and email or fax a completed app to [VOLUNTEER\(AT\)WAGGINGDOG.ORG](mailto:VOLUNTEER(AT)WAGGINGDOG.ORG). Help save lives by fostering!
