Let me be your answer.

Hello, my name is Karen . I have been providing reliable child care for over 25 years. My references are available upon your request. I am c.p.r. certified too.

My rates for child care are reasonable, 8 dollars per hour, and over night can be arranged as well.

My rates include light housekeeping, and any cooking you might like me to do.

I keep my child care rates low to accommodate working parents who are in need of a reliable, loving child care provider in their homes, with lots of positive energy to share. I am available days or nights to fill your child care needs. I look forward to hearing from you. Call Karen at Thank .
