Headline: Worldinteract is a social network where the world meets and interacts.

Secondary headline (optional): WorldInteract is a social network with different features from other networks. It allows its users to watch series of episodes and TV shows in addition to allowing users to text chat, audio chat, and video chats with friends and followers while simultaneously allow watching music videos.

Body: Many have heard of Facebook, MySpace, Twitter, Instagram, Whatsapp, Bebo, Hi5, and others, but have they heard of the best social network on the planet, yet? WorldInteract!

WorldInteract (www.worldinteract.com) is the next biggest social network on the planet with great features those other social networks not giving their users. WorldInteract allows users to text chat, audio chat, and video chats with friends and followers while, at the same time, they will enjoy watching music videos of top artists (at the top of their screen).

The site grants privilege to its users by allowing them to post status like Facebook, post Photos like Instagram, share and post anything like Twitter. It has pages design for its users (for them) to enjoy Radio Shows; live TVs from different countries, music videos of all kinds from different artists around the world.

It also designs group pages for certain users such as actors, models, writers, publishers, bloggers, and many others. It is a place where users can connect with friends and family. It also allows users to post their own content, such as photos, videos, and text. It is a place where users can find new fans globally. It allows users of the third continents to have immediate access to western music. It also allows users to find new fans globally. It allows users to connect directly with friends, followers, and artists. Users can use laptop, mobile phone or desktop to visit www.worldinteract.com and users can also download the app from the website or through Google play, Amazon, and so on.

About the Company: Worldinteract is an American social network dedicated to allowing the whole world to meet and interact in just one place to share what they want.
