Looking for two for D amp D

Location   **Colorado**
https://www.genclassifieds.com/x-629050-z

Hello and welcome! To the glorious age of the 21st age century. Where nerds can gather from all parts of the world to play tabletop games.

The tools that we use to our advantage:
Google + Hangouts (we'll walk you through it. You just need a gmail accont)
Roll20.net

You'll need a headset and a mic. Camera is optional.
Most times we set up game play for Saturdays, starting around 2-3PM Mountain Standard Time. Ending around 9 or 10PM, Saturday. Mountain Standard Time.

We are specifically looking for two players. Will allow up to 4, and we'll work out gameplay.

No experience to experienced dungeon master accepted. People who wish to come into this group and dungeon master are more than welcome. This group is most familiar with 3.5 and Pathfinder. They're interested in Shadowrun, but would need a lot of hand holding throughout it for the first few sessions before they'd have it down.

Send me an email with the title: "Dungeon Master"
Tell me your:
Experience level with Dungeons and Dragons and/or tabletop role-playing games.
What times and days work best for you.
If you have a headset and mic, or speaker and mic
If you already have, or are willing to use Google + Hangouts
Happy!
