Hi my name is Allison and my husband is Joseph. We are currently looking for a surrogate mother or for someone who is already pregnant and looking for a loving family to take that child.

We have been married a year and a half. We are a interracial couple. We are hoping to find someone who is willing to work with us and help us achieve a family of our own. Neither of us have kids so we are looking for someone who is real and wanting to help.

I have fertility issues and that's what is stopping us from having a child of our own.

We are not rich but we do have plenty of love and care for a child and also support. IF you're interested in learning more please feel free to contact me.

Thank!
