We are looking for hawkers to join us for Clemson Football games this fall.
This is a part time job but the money you can make is pretty good.

We are looking for

Vendors or hawkers: sells food or drinks to the fans in the seats -- this is a sales based job and you will be paid commission based on your sales. You will receive tips on top of your commissions. The more you sell, the more you make.

So we need people who can sell, move pretty good and carry 25 - 50 pounds up and down the stairs throughout the game. Yes you need to be in shape.

You also need to be able to do simple math ...

I want people who are willing and able to work, who are hungry to do well and make money.

Anyway, if this is you, email me today. If not, then no worries, there are other jobs for you. I will respond to each email and see if you are a fit for this position. Not everyone is but I will find the ones that are.

I look forward to hearing from those who want to do well, have fun and make some extra.
