Due to a crazy issue where I'm currently living I must be out by the 15th of August because of short notice my budget is limited to 500 a month my cat must come with me. I am friendly all though I don't smoke it and lgbt friendly. I'm pretty clean and quite keep to myself. Willing to hang out if we get along mostly at work just looking for a place to live. Would like to stay in Littleton, Engle wood, Denverish area as I have no car and work in that area. Please any help you could give is much appreciated.
