

# Female Models for Book Project

Location

Arkansas

<https://www.genclassifieds.com/x-629237-z>

I am currently traveling through all fifty states producing a book called "American Glamour." I am seeking out the most beautiful women to appear in the book. I will have a featured model in every state that will have a two to three page spread with a biography and credit. I will have any number of additional models that will have one or two images plus credit as well. This is a legitimate photography book that will have both hard copy and an e-book. That means that it will be offered as both a printed publication and an e-book for download.

I am primarily looking for models 18-26. If you are under 18, you may still participate but will be featured in the "future talent" section of my blog. If you are over 26, I will still consider shooting you if you have an interesting or unique look.

I will be in Fayetteville, August 18th to 20th - NUDITY IS NOT REQUIRED. While there will be some nudity in the book, I am also shooting a lot of swimwear, fashion, lingerie, bodypaint and locally themed lifestyle. Please feel free to submit regardless of your limits.

Please check out the website at [www.americanglamourproject.com](http://www.americanglamourproject.com) for more information. If you respond, please provide your name, contact information and either photos or a link to your online portfolio.

In addition, please indicate your interests, such as fashion, lingerie, bodypaint, etc. Likewise, when you view the website, you will see that you have three options ranging from guaranteed publication to traditional pay. If you reply without making a choice, I will presume that you are looking for guaranteed.
