Agreed to try out RC drift cars with a big group of friends. All of them ended up flaking out after I had already ordered, and it's not as fun to me to rip around alone. Car has less than 1 hour of total use time. Has a few body imperfections, but it's perfect other than that.

**Includes:**

- 1x Sprint 2 Drift Camaro
- 1x 7.2v 2000 mAh battery
- 1x Controller
- 4x Bronze Volk TE37 replicas(new)
- 4x Black wheels/tires(have been used)
- 4x Red wheels/tires(2 have been used)
- 4x Blue wheels/tires(2 have been used)
- 1x HPI Drift Wing(new)

I have over \$300 into this, so asking price is \$275 due to amount of usage. Price is OBO, but please keep it reasonable. Email or text with questions/offers. Calls will be.
