Hi I have four small-medium sized bunnies to rehome.
 They all have very nice temperaments and none have attempted to bite me. I've held each one and they are very sweet. Would do well as pets for children or adults.
 I have two females and two males they are a Dutch dwarf mix and are about 4-5 months old and around 3-3.5lbs
 They are not fixed so if you plan to adopt a male and female please plan to fix or separate them.
 There is a low rehoming fee of \$15 each rabbit or two for 25 to ensure a good homes- the two females get along and the two males also get along.
 They are indoor bunnies except for play pen time.
