Do you know Jacqueline (Jackie) Flathers? Jackie's daughter is trying to find out who her biological father is. Here's what we know:

Jackie was raised in Kansas City, MO, attended Southwest High School in the late 60's early 70's.

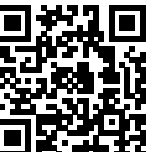

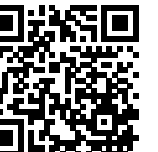

Jackie became pregnant in the summer of 1972 and had a daughter in 1973.

After misleading her daughter for over a decade (out of anger) she told her daughter that the man that raised her to that point was NOT her biological father and refuses to this day to give her any information on who her biological father could be.

She has told hurtful lies about who the possible father is, 1) she said it was some stranger she met at Volker park 2) She gave a random first name (after reading 3, you'll understand why 2 is unbelievable) 3) During a dinner outing with her daughter and friends, she announced at the table that my niece (her daughter) was a product of rape (she has NEVER said that before to any of us so we do not and cannot believe in the authenticity of that statement).

My niece is 42 years old and even as recently as tonight she sent a message to Jackie asking her to please not make her go the rest of her life without at least knowing who her father is; Jackie refused her yet again. Sadly, it seems, she gets a kick out of hurting my niece in every way possible.

PLEASE, if you have ANY information about Jackie Flathers during that time, PLEASE, I beg of you, help my niece, as her mother obviously never will. My niece is an amazingly beautiful soul and essence, despite the monster that raised her. My niece is successful in her life and has a beautiful family, yet there is still that missing piece... the rest of her story, the rest of "her".. She is only seeking the truth and the knowledge of her heritage. Having said that, IF she finds her biological father she would welcome him with open arms if he is.
