Honeywell QuietSet Whole Room Tower Fan - Black, HY-280

- * Powerful, quiet, whole room cooling.
- * 8 speed levels of quiet control.
- * Touch button electronic controls.
- * Oscillation for wide area cooling.
- * Digital display, adjustable thermostat.
- * 1,2,4 & 8 hour auto shut-off timer.
- * Remote control with on-product housing.
- * Carry handle & cord management feature.

The Honeywell HY-280 QuietSet Whole Room Tower Fan was designed to release large amounts of cool air into the largest of rooms and provide a heightened level of comfort and cooling.

This unit comes equipped with an impressive 8 separate speed levels of quiet control, a touch button electronic panel and a remote control that ensures every user an abundance of flexible options for accessing their HY-280. An auto shut off timer than ranges from 1 to 8 hours has been included and establishes peace of mind by offering even more options to utilize. Incredibly versatile by design, the HY-280 comes with a carry handle that effectively eliminates the hassle of moving your fan from one room to the next.
