I would like to rust proof my car sometime in September or October. I have all of the tools to do it myself, I just don't have anywhere I can do it since I live in an apartment. I'm looking for someone to let me use their garage or yard for a day or two to rust proof my car. I will need access to an electrical outlet to plug in my air compressor. I will put down plastic to keep any oil from dripping on the grass or garage floor. I will pay the land owner \$50 for letting me use their.
