Meet Cinnamon!

? This tiny girl is only 4lbs  
 She is great with dogs, cats and kids. She is estimated to be 5-8 yrs old and is a Yorkie or yorkie mix.

?She has the softest sweetest personality and just wants to be loved on.

?She gets along with everyone and everything. She is so very gentle but being so tiny we need her to go with someone who will keep her safe so probably no kids under 6 as she could easily be injured on accident.

?She can be silly and playful it's super adorable and she also does an army crawl on the floor which is waaaay too cute.

?So far she hasn't had accidents inside and may be potty trained but she is very new to us and was just spayed, microchipped, given a dental and her shots.

? Go to K9ppr.org to fill out an adoption application for her!
