These are a pair of long discontinued OG Lululemon (roughly 8 years old)! These were difficult to find even when they were available, impossible to find now. They have a super cool white detailing that arcs over your backside to give fellas with even the minimalist of glutes the illusion of more (speaking from experience lol!). They are in VERY GOOD and gently used/worn condition (grade 7.5 to 8.0/10). Never put into the dryer, always left outside to air dry. There is, however, a small hole located about 3" up from the hem on the right side (pictured). You could have the hem brought up a couple of inches to hide the hole if your legs are shorter than mine. My waist is 30/31" and I'm 6'1"; outside length of sweats is 42-1/2", right to left waist measurement is 14-1/2" (these are made of 14% lycra so they do stretch to fit). Thank you for:-)
