Call/Text Stephanie Five Zero Four -908-9350

To help the over population problem all of our dogs and cats are spayed or neutered. Charlie CANNOT BE BRED. He does not have testicles because he has been neutered.

Meet Charlie. He is a darling little boy. He is 2 years old and 54 pounds. He loves children. He needs to be the only pet in the household. He is fully vaccinated, fully dewormed, heart worm tested negative, and is on monthly prevention. He is kennel trained and house-trained. Vet records go to adopter upon finalization of adoption.

If you would like to foster Charlie while he waits for his forever home, our rescue group will provide medical and food for the entire fostering period.
