Hey,

I'm a 30 years old straight male trying to see as many states of the US as possible.

have a driver's license and can pay my part.

If you start in or pass new orleans and want good company call, text or email me.

I don't do drugs but have no problem with what you call 420. My only bad habit are cigarettes. would consider myself well mannered.

thank you for reading
