

# Artist for Artist

Location **Louisiana**  
<https://www.genclassifieds.com/x-629863-z>

Hello,

I am an architect and artist. I am well educated, I have a Bachelors Degree from Temple University and a Masters Degree from Tulane University.

I am looking for a female artist who would be interested in getting together and posing for each other. I have another female artist who is also interested in having posing sessions. I have been trying to get back into life drawing and would like to get back into practice perfecting my eye and perception of the human form. It would be great if we could become friends, discuss art, gallery openings and practice posing for each other.

Please find examples of recent work.

Have a great.
