My dog recently passed away and I have unopened boxes of flea/tick prevention as well as Heartgard.

The Heartgard is 51-100lb exp 11/17 for 6 months, I paid \$64.34 at my vets office for it, I am selling it for \$45.

The Frontline Plus is 89-132lb no exp date, 6 months, I paid \$85 at my vets office and I'm selling it for \$65.

Also have some large Lupine leashes, collars and harnesses. Email me and I can provide pictures or a time and place to meet to try them on your dog. My dog was a 95lb mix.
