1300+ sf ranch on a double lot (over 1/2 acre) on a very quiet, dead end street. All brick home offered by the original owner, a contractor. Two BR, 2 bath with an office that could be used as a small 3rd bedroom. The home is very clean but could use some cosmetic updating; every aspect of the home is in proper operating order. There is a first floor laundry, a huge finished basement with second wood burning fireplace, a very nice enclosed porch/patio on the rear of the home overlooking a nice, flat yard and oversized, two car detached garage with oversize doors for trucks or a boat. This is an extraordinarily well maintained home and will certainly be worth taking a close look at.
