Location **Massachusetts**

We're looking for someone to come and clean an apartment in Lowell once per month. You must know how to do a good job cleaning stainless steel appliances, counter tops, floors, bath tub, toilet, sinks, stains, dusting, sweeping, mopping, etc.

You would clean the common areas only (2 bathrooms, kitchen, living room, hallways, and stairs) not the bedrooms.

I would pay \$75 per month for a good cleaner. You must have your own cleaning supplies. I'd like to meet up and show you the apartment today at around 1-2pm please text me if you'd like to come see the place. Include your name in the text. If Sunday doesn't work please tell me what other times you have.
