Rodan + Fields Dermatologists, creators of Proactiv, are changing the face of skincare again. What Dr's Katie Rodan and Kathy Fields did for acne, they are now amping up for so much more personalized skin care needs, and we invite you to join us. This is ground floor and we are now seeking 3 leaders to join our team!

Position is commission only, but I, myself, was able to make \$60 after my FIRST post on Facebook within a few hours of joining and got a promotion within the first 48 hours because the products speak for themselves. Please email me with any questions or interest. I put this under the computer category because this is 100% on the computer unless you decide you would rather call people, but that's personal preference.

Also there is an awesome incentive for anyone who joins before the end of the month, you can get up to \$1,900 worth of product for FREE. Great way to make extra money and you would have great mentors and training, tons of resources, and it's without having to hit any.
