

Looking for mobile mechanic (Stilwell KS)

Location **Kansas**
<https://www.genclassifieds.com/x-630039-z>

A few weeks ago my husband and I purchased a 1981 international 35', 4 speed, gasoline school bus. When he was driving it home, he was downshifting and skipped from 4th to 2nd gear. He heard a loud pop or bang and the clutch quit working. We have been trying to find a mobile mechanic that can work on it where it currently sits in Stilwell. We don't have much money to pay for repairs but we can compensate. We have been told it could be a whole myriad of problems to the most simple. Neither of us are mechanics. Please contact me if you can at least come look at the bus or walk myself or my husband through fixing it. The easiest way to contact me is via text. Thanks for taking the time to read!
