1-Male

Pup is 9 weeks old and has been declawed, dewormed, and tail docked. This is the last available pup from this litter. I am not a breeder, though I did have a litter to get rehomed. Priority though is to get pup rehomed to good caring family. Rehoming fee will apply. Serious inquiries only, no shipping of pup to mainland or neighboring island. I have 1-Male pup Blue/Fawn available... Pup is ready to go to new home!!! I am available for viewing of.
