Had to stop working due to medical issues so money is tight right now. I need to rehome my cats and dog to someone who can provide better for them. I have 3 cats, all fixed they are indoor during winter and I hen indoor outdoor rest of year great at catching rats and mice. my dog is a 1 yr male Pitt needs shots, not neutered very good dog, not fully potty trained either he is stubborn, very hyper so I recommend a home without children or he will knock them down any questions contact me 2four8 four99
