

Need picket yard fence work done (East St. Paul)

Location **Minnesota**
<https://www.genclassifieds.com/x-630244-z>

I want to hire somebody to move approximately 40 feet of one side of my backyard fence over about 4 feet. Work will include moving 8 wooden fence posts. The posts are not cemented down so moving the posts won't be hard. They start to loosen when you rock them back and forth. I want to reuse the old fence and posts if possible but I can get new ones if necessary. The fence sections are just attached to the posts with brackets held on with screws.

See picture to view the fence line that I want to move. I want to move the entire fence line in the picture 4 feet into the yard to provide more room width to the driveway.

Please contact me with a quote. Please have your own tools and equipment or let me know what will be needed. I will pay with cash.

Reply via email or text only ...

PLEASE DO NOT CALL!! I WILL NOT ANSWER NOR RESPOND TO CALLS UNTIL WE'VE TEXTED OR EXCHANGED EMAIL FIRST.

Thank you, Lou
