I have a "Brand New" pair of Tom Ford Sunglasses for sale. They were a gift from a friend that were bought at Bloomgdales in NYC for over \$400 last year. I'm willing to take \$225obo for them which is nearly half price. They've only been worn one time. I have the original case and booklet that came with them.

I also have a pair of white framed polarized REVO sunglasses I bought at Macy's for \$175. They're in great condition, with only a minor scratch on the lens. They're unisex as well. REVO is owned and made by Oakley, so they're very light weight and quality made. I'm asking \$75 OBO for them. Please email with any questions. !
