My first goal when choosing a preschool for my 3 year old was a place I would feel comfortable leaving my daughter. I found this and much more at The Kids Place Preschool. The school is extremely clean & safe. My daughter never complains when its time to go to school, in fact she asks to go the days she's not even scheduled to attend. I am very pleased with what she learns and confident that when its time to go to kindergarten she not only will be ready but ahead of the other children due to the time and patience Mrs. Marley has spent teaching her. Mrs. Marley has done a amazing job in planning being very loving

to the children while still be professional. I would recommend this school to any parent & plan to send any other children I have in the future here. "
