My cat is 3 years old, spayed, front-declawed, playful and healthy. She is strictly an indoor cat, loves small children; I do not know how she would get along with dogs, but I imagine a feline friend would be welcomed. My toddler has developed allergies to her dander, so I must re home her. She's a beautiful kitty cat with a fun personality! \$20 re-home amount. Let me know if you would like to meet:)
